PROFILE

Software Engineer specializing in React development, I am dedicated to designing and implementing efficient, user-centric web applications. I am eager to leverage my knowledge in React to drive innovation and contribute to impactful projects.

ACTIVITIES AND INTERESTS

- Reading
- Working Out
- Learning

KEY SKILLS

- HTML
- CSS
- JavaScript
- React
- Next.js
- Node.js
- Vue.js
- Tailwind
- MongoDB
- API
- OpenAI

WORK EXPERIENCE

Web Developer (Capstone Intern Project)
Anoka Technical College | Anoka, MN
Jan 2024 – May 2024

- Managed a team of three developers to create an automated Peer Evaluation application
- Spearheaded the design phase to ensure the entire application met project requirements and user needs effectively
- Developed the backend infrastructure for seamless functionality
- Contributed significantly to front-end development.
- Streamlined the evaluation process for professors, improving the experience for students and faculty
- Built with HTML, CSS, JavaScript, Node.js, Express, MongoDB

Web Developer
Cooper's Floors | Andover, MN
Jul 2023 – Sep 2023

- Redesigned Cooper Floor's website to enhance usability and engagement
- Modernized website aesthetics to facilitate customer-staff interaction
- Optimized forms for product inquiries, resulting in increased sales
- Facilitated user experience to promote customer engagement
- Streamlined website layout and navigation for enhanced functionality
- Built with HTML, CSS, JavaScript

Welder
Tennant company | Golden Valley, MN
Nov 2021 – Present

- Perform gas shielded MIG welding, including grinding and spatter removal
- Execute layout, fitting, and fabrication of metal components for structural forms
- Utilize hand and power tools proficiently for assembly tasks
- Securely bolt, clamp, and tack-weld parts during assembly processes
- Conduct thorough self-inspection for quality assurance and interpret instructions from work orders and blueprints

EDUCATION

Associate in applied science degree – Software Development
Anoka Technical College   Jan 2022 – Dec 2024
